The ARIES 6 is our latest model and perfectly adaptable for a wide range of applications in order to achieve exceptionally high-quality sanitizations. It is a market leader and sold in over 20 countries.

Ozone kills bacteria and viruses including MRSA, Norovirus, Pseudomonas Aeruginosa, E-coli 157, Legionella pneumophila, Campylobacter Jejuni, Salmonella Enterica and Staphylococcus Aureus.

ADVANTAGES

- The Aries operates *below* a safe level
- No additional equipment is ever needed
- Vehicles can be used again within 3mins
- Seats will not be wet (unlike droplet liquid spray methods)
- Ozone permeates everywhere incl. under-neath seats where liquid sprays will not)
- Perfect for Air-con systems (we advise turning on car & running air-con on recirculation mode for a few minutes)
- Eradicates bad smells (tobacco/perfume)
- Can be re-branded with Company logo

With its solid-state generator, ARIES produces 2000mg/hr of ozone and needs no other fluids or chemicals as it utilizes the ambient air.

The new rugged Hippo cases are military grade STANAG 4280, DEF_STAN 81-41 and routinely used by Police, Fire, Film Crews, NATO etc. It is virtually unbreakable with a tough Co-polymer Polypropylene construction as well as being waterproof & dustproof (Included with purchase)

Cases are 'O'-ring gasket sealed with a pressure release valve IP67 rated and come with large handles. They are pad-lockable with secure and chunky catches along with full width heavy duty hinges for the lid. They are corrosion proof with a temp rating -30°C to +90°C and it will withstand the roughest of handling when being carried inside work vans or used in a busy servicing area.

The Aries 6 has been designed with the sanitizer and the engineer in mind with even more room to fit other cleaning equipment. FAST AND EFFICIENT water coolers sanitised in 4 minutes and Medium sized car in less than 20 minutes.

*We recommend our more powerful Andromeda 20G generator for the treatment of any larger areas

Ozone is Nature's way of sanitizing
